TexasTables A-Frame Table

N	<div style="border: 1px solid black; padding: 2px; display: inline-block;">Size Proportionate</div> <p>Table top to seat and seat to ground relationship Dimensions provide for a comfortable seating and access condition for the average size adult.</p>	Y
N	<div style="border: 1px solid black; padding: 2px; display: inline-block;">Table Top Design</div> <p>Heavy lumber 2x10's with control stiffeners helps reduce warping and twisting as with 2x4 and 2x6 top boards resulting in a more heavy duty durable Table.</p>	Y
N	<div style="border: 1px solid black; padding: 2px; display: inline-block;">Bench Design</div> <p>Full size 2x12 benches create a more solid, durable, non-flexing seat condition with no pinch points.</p>	Y
N	<div style="border: 1px solid black; padding: 2px; display: inline-block;">Framework</div> <p>2x6 support frames and legs create a heavy duty structural, non-tip, strong design for heavy load conditions.</p>	Y
N	<div style="border: 1px solid black; padding: 2px; display: inline-block;">Millwork</div> <p>45 deg. Angle cuts on tops and benches with ½ in. rounded edging provides for a more safe and comfortable seating and access condition.</p>	Y
N	<div style="border: 1px solid black; padding: 2px; display: inline-block;">Quality Fasteners</div> <p>Concealed Coated Screws and Hot Dipped Galvanized ring shank nails allow for (No Thru-Bolt) Penetrations, which create moisture trap conditions, providing smooth surface tops and benches.</p>	Y
N	<div style="border: 1px solid black; padding: 2px; display: inline-block;">Table Conditions</div> <p>Un-Finished Tables come pre-sanded ready for a finish to be applied.</p> <p>Lumber Quality 1 thru 10 chips-spilt's-cracked-warped Best is a 10</p> <p>Lumber Stamps Removed from tops and benches option</p> <p>Options for Finishes, Logos, Accessories</p> <p>Color Assembly instructions, Retail Packaging and various shipping arrangements.</p>	Y
